## Preparation of Yard Waste Materials for Collection:

- Yard waste must be placed into manageable bundles and tied with string, or may be put in an open-end trash can as long as limbs are not protruding above the can. Limbs that are loose on the ground will not be picked up.
- Limbs and branches must not exceed 6 feet in length and 4 inches in diameter.
- Grass clippings are considered trash, not yard waste.
- There is no limit to the number of bagged leaves/yard waste collected, except that no more than 300 lbs. of brush and/or bagged leaves/yard waste will be removed from any residence.
- Leaves/yard waste must be in biodegradable paper bags or open-end trash cans. Leaves/yard waste in plastic bags will not be collected.
- Collection occurs once a month January – September and twice a month October – December.
- Christmas trees will be collected during January collection. Zones 1 and 3 have collection on Wednesday, January 13 and Zones 2 and 4 have collection on Wednesday January 20.
- Rear yard customers must place their yard waste curbside for collection, and should check the Easttown Township Solid Waste Collection Schedule to determine the service zone in which their residence lies.
